April, 2019

Dear Child Care Provider,

Southern New Hampshire Services, Child Care Aware of New Hampshire (CCAoNH) strives to provide providers with high-quality professional development opportunities. Every year, Child Care Aware of New Hampshire sends out an Annual Program Survey. The Survey is a tool we use to assist us in assessing current program services and to inform future planning.

In order for us to best serve you and your program, please take a few moments to complete the **2019 Annual Program Survey**. Your feedback is important to us. Answers from the survey questions are used to improve our practices, replicate what has been successful and pinpoint where our focus should be in the upcoming year.

This survey will take approximately 20-30 minutes to complete. We realize this is a lengthy survey, however, this survey is what we use to adapt and assess our services, so we can better support you in future planning. This year, the same Survey will also be emailed out to providers on April 8, 2019. You can either choose to complete the survey electronically when you receive it or mail your survey back to Child Care Aware of NH, Attn: Tracy Pond, Program Manager, 88 Temple Street, Nashua, NH 03060.

We thank you in advance for completing the 2019 Annual Program Survey and look forward to hearing your feedback about our services. If you have any questions regarding the 2019 Annual Program Survey or any other child care related issues, please feel free to call one of our Training and Technical Assistant Specialists or the Program Manager at 1(855) 393-1731. You can also email us at [ccrtraining@snhs.org](mailto:ccrtraining@snhs.org). Thank you in advance for taking the time to share your thoughts and opinions with us. We appreciate all that you do for New Hampshire's children and families.

Sincerely,

Tracy Pond  
Program Manager
