

# Zaentz Early Education Innovation Challenge

October 15, 2019 | 4:00 - 6:30 p.m.

Only two in ten children are exposed to a high-quality early learning experience, despite decades of research demonstrating that high-quality experiences drive sustainable outcomes for children and families. Now is the time for creative, collaborative solutions that will increase early education opportunities and positive outcomes for all children.

To support these efforts, the Zaentz Early Education Innovation Challenge will provide funding for promising new ideas that have the potential to transform early education.

We invite you to join us and other early education professionals to watch the live finalist pitches and help us select the innovative ideas with the most potential to drive sustainable change.

**Date and Time:** Tuesday, October 15 from 4:00 - 6:30 p.m.

**Location:** Askwith Lecture Hall, Harvard Graduate School of Education, Cambridge, MA
