

Choose Safe Places

For Early Care and Education

A NH APPLETREE Program

Welcome to the Choose Safe Places Private Well Water Testing Toolkit! Packed with information on water testing, treatment, and contacts for experts to help with the well water testing and treatment process. If you did not receive yours in the mail, contact Laurie Rardin, laurie.r.rardin@dhhs.nh.gov.

If your Drinking Water comes from a well and serves fewer than 25 people, you may be eligible for free water testing through the Choose Safe Places Private Well Water Testing Initiative.

Click on the URL link below or point your smart phone at this QR code and click the link.
