

Quality Investment Initiative

Information Sessions

The Quality Investment Initiative is a unique opportunity for Early Childhood Programs to participate in a structured and supportive setting that utilizes training, technical assistance and a cohort-model approach to promote professionalism and program quality.

If you are interested in...

- Your program achieving a higher level of quality by **becoming a Licensed Plus or NAEYC Accredited Program**;
- **Supporting low income families** in obtaining quality early childhood experiences for their children; and
- **Working with a Training and Technical Assistance Specialist**, Quality Investment Mentors and your peers in an intentional and structured fashion;
- **Receiving incentives** through professional development, technical assistance and/or accreditation fee support.

The Quality Investment Initiative is a project funded by the New Hampshire Charitable Foundation and is provided by Southern New Hampshire Services.
