Child Care Aware of NH is a Child Care Resource and Referral Program powered by Southern New Hampshire Services. The preparation of this assessment was financed under a Contract with the State of NH, Department of Health and Human Services, Division of Economic and Housing Stability, Bureau of Child Development and Head Start Collaboration, and/or in partnership with the University of New Hampshire, with funds provided in part by the State of NH and the US Department of Health and Human Services. The assessment is supported by the Preschool Development Grant Birth through Five Initiative (PDG B-5), Grant Number 90TP0006, from the Office of Child Care, Administration for Children and Families, U.S. Department of Health and Human Services. The grant aims to understand the State's early childhood system and to create a plan to improve outcomes for children, families, schools and communities throughout New Hampshire.
