

## YOUR SUPPORT IS REQUIRED AND APPRECIATED

The goal of the Lions Club is to provide sight saving services to those who cannot afford them and have no other options. Over the last 92 years we have provided more than \$12 million to assist more than 200,000 people just like you. Our funding and the continuation of this program is dependent on the generous donations from the public. The Lions Club members throughout this area are devoted to funding services that assist their neighbors who are in need, neighbors like you. The funds that we may use for your procedure were raised through the hard work and efforts of volunteers. Without the generous donations from these caring individuals, we would not have the ability to potentially support you. **The most compelling way to encourage additional donations is to share the stories of those who will benefit from our program's services.**
