Welcome to Boca Raton! After 7 years, we return to the salt water, palm trees, and tropical breezes. The Boca Raton Resort & Club is a destination unlike any my family has ever visited. It has a blend of history, architecture, eclectic art, and beach vibe. Melissa, Emma, Harrison and I hope this is an opportunity for your family to enjoy activities together as well as reconnect with industry friends.

The Southeastern Lumber Manufacturers Association is an organization that is dear to my heart. It’s through the friendships that I’ve made in the SLMA, with some of the brightest and most selfless people, that Troy Lumber Company has prospered. The shared information of the roundtables, the knowledge and contacts gained through the DC Fly-In, and the fellowship of the annual conferences are valuable beyond measure. I urge each of you to become as involved in as much of the Association as your schedule allows.

SLMA continues to fight for our industry on multiple fronts. From regulation to taxation through the government affairs committee, through marketing with the “Wood. It’s Real” campaign and market growth, through mass timber and tall buildings, each of our individual businesses are touched by our industry leaders through the Association.

I pray for each of you a safe and prosperous remainder of 2019. We look forward to having you in Boca for a time of fun and fellowship. In the words of Allen Whitesell, “If you’re not having fun, you’re not doing it right!”

Fred Taylor
Troy Lumber Company
SLMA Chairman 2018-2019

CORPORATE COMEDIAN
DON MCMILLAN
Don McMillan has a Master’s Degree in Electrical Engineering from Stanford University. He was a member of the design team on the world’s first 32-bit microprocessor. He went on to become a founding member of the startup company VLSI Technology. In 1993, he was the $100,000 Comedy Grand Champion on “Star Search.” He’s performed on “The Tonight Show,” HBO, and all over the internet. His unique act combines smart comedy observations with his one-of-a-kind PowerPoint presentation. Don spends most of his time writing and performing customized corporate comedy shows for companies like Google, Apple, IBM, Ford and ExxonMobil. He has performed more than 800 corporate shows in the last 20 years and he was named #1 Corporate Comedian by CBS Business Network.

ECONOMIST
MICHAEL SWANSON
Michael J. Swanson is an agricultural economist and consultant for Wells Fargo, the largest commercial agricultural lender in the United States. Based in Minneapolis, his responsibilities include analyzing the impact of energy on agriculture, forecasting for key commodities, such as wheat, soybeans, corn and cotton, and livestock sectors, such as cattle, dairy, and hogs. Additionally, he helps develop credit and risk strategies for Wells Fargo’s customers, and performs macroeconomic and international analysis on agricultural production and agribusiness. Michael joined Wells Fargo in 2000 as a senior economist.

JEFF PETERS, PE
Jeff Peters, PE is the Southeast Regional Director of WoodWorks-Wood Products Council. Jeff received his bachelor’s degree in Civil/Structural Engineering from the University of Florida in 2007 after serving 5 years in the United States Airforce as an F-16 crew chief. Jeff has a diverse background that includes structural design, field engineering, and threshold inspections and quality control of structures ranging from mid-rise buildings to sporting venues. Prior to joining WoodWorks, Jeff designed high-end custom homes in multiple markets through the state of Florida.

JEFF DAVIS, PE
Jeff Davis, PE has worked in the environmental, health and safety industry for 13 years, and he is currently the Senior Engineering Manager of Conversion Technology, Inc. (CTI). A broad scope of his credentials include: combustible dust hazard evaluations, fire and explosion protection design, compliance audits under OSHA’s PSM and EPA’s RMP standards, process hazard analysis (PHA) preparation, hazardous materials assessment and remediation, and industrial air permits.

CHRISTINE CLEARWATER
Christine Clearwater is the president of Drug-Free Solutions Group, LLC (DSG), a risk management-loss control consulting firm established in 2000. DSG offers drug-free workplace programs, including client policy sculpting, supervisor training, employee education, the coordination of drug/alcohol testing, and employee assistance programs.

BRYAN THORNTON, CISSP, EnCE
Bryan Thornton is the founder & CEO of Net Reaction, LLC, an internationally renowned forensics and information security planning firm. Having worked with organizations worldwide, large and small, Net Reaction provides real-time intelligence and information security planning services. Focusing on post-mortem analysis of security incidents and data breaches, Bryan’s team is uniquely able to speak to the threats that face organizations today and to help design risk-based information security programs to mitigate those risks.
