

Stress less while at work

Teladoc's licensed therapists are available seven days a week. Choose your therapist, pick a time that is convenient for you, and then talk to the therapist from the privacy of home or anywhere you feel comfortable.

Here are a few tips for managing work-related worries:

1

Look inward

Recharging is important. Be sure to eat right, exercise, get plenty of sleep, and take your vacations.

2

Look outward

Identify the stressors at work and focus on the things you can control. Learn to say "no" in order to maintain a healthy work-life balance.

3

Look for support

Consider professional help by scheduling a session with a licensed Teladoc therapist.
