

Drink to the Letort

Join Central Pennsylvania Conservancy (CPC), Friends of the Letort, and Molly Pitcher Brewing Company in a support of CPC's acquisition and natural restoration of the former watercress farm surrounding this famous stream's headwaters. With over 90% of acquisition funds secured, CPC is set to close on the property in early 2018.

Help us protect and restore the Letort headwaters – purchase a Letort Brew, a Crowler, or a Growler, and a portion will be donated to the project. Folks from CPC and Friends of the Letort will be there to provide information.
