**Lakeview Clinic – Waconia to Break Ground on Expansion Project this Fall**

**WACONIA, MN** — Lakeview Clinic is happy to announce that it will break ground this fall on a major expansion and renovation project at its Waconia location. Designed to enhance the patient experience and prepare for future growth, this project marks an exciting new chapter for the clinic and the communities it serves. **THE CLINIC WILL REMAIN OPEN THROUGHOUT THE PROJECT AND UPDATES ABOUT THE PROJECT WILL BE POSTED ON LAKEVIEW’S WEBSITE AND SOCIAL MEDIA CHANNELS.**

We’re excited to share several key improvements designed to enhance both the patient experience and operational efficiency:

- **Updated Patient Parking Lot:** A redesigned layout improves traffic flow and accessibility, with existing handicap-accessible spaces relocated closer to the entrance for greater patient convenience.
- **Northwest Build-Out:** Previously unused space is being transformed into new clinical areas—helping us accommodate growing patient volume and support future provider expansion.
- A refreshed front faced to the south facing side of the building.
- **Remodeled Reception & Waiting Areas:** Redesigned interiors will offer greater privacy, increased patient seating, and a more welcoming, efficient environment for everyone.

The expansion at Lakeview Clinic is about more than just adding space—it’s about continuing to meet the growing needs of our patients through a thoughtful, patient-centered environment that is both comfortable and efficient.

As part of this growth, Lakeview Clinic plans to welcome seven new physicians to its Internal Medicine, OB/GYN, and Family Medicine teams by the end of 2026. This expansion will further strengthen Lakeview’s ability to provide timely, high-quality care to patients across the region.

Lakeview Clinic has long been a trusted healthcare provider in the Waconia area and is proud to grow alongside the thriving communities of the southwest metro.

**About Lakeview Clinic**

Lakeview Clinic is an independent, physician-owned practice dedicated to delivering high-quality, compassionate healthcare for patients of all ages. With clinics in Waconia, Chaska, Norwood Young America, and Watertown, Lakeview offers a broad range of specialties including Family Medicine, General Surgery, Internal Medicine, OB/GYN, Pediatrics, Podiatry, and Optometry.
