### The Impact of Your Giving

When you give to Love INC, you're doing more than sponsoring an event—you're stepping directly into the story of a local family.

Just \$450 supports one household for an entire year with essential items most of us take for granted: dish soap, laundry detergent, toothpaste, toilet paper, towels, diapers, and more. These everyday basics become a lifeline for families working hard to rebuild, often after experiencing job loss, homelessness, or crisis.
