

Waconia High School

# CAREER EXPLORATION FAIR

Wednesday, November 6, 2019 from 8-11 AM

## Exploring Careers through Student and Professional Engagement

At the expo, students interact with professionals from different businesses and nonprofits to learn about local careers, work environments, skill sets, earning potential, and training needed for future employment. WHS students, grades 9-12, explore careers to align courses and other partnership opportunities that match their interests.

Career clusters identified by the Minnesota Department of Education:

- Agriculture, Food, & Natural Resources
- Arts, Communications, & Information Systems
- Engineering, Manufacturing, & Tech (includes Aviation, Construction Trades, and Sm. Engines)
- Health Science Technology
- Human Services (includes Public Safety)
- Business, Management, & Administration
