

IMAGINE A GENDER-EQUAL WORLD: A Special Coffee Chat for International Women's Day

#AccelerateAction #IWD2025

with Dr. Margie Blanchard, Madeleine Blanchard,
and April Hennessey

Join us for an inspiring International Women's Day event, featuring a warm and insightful coffee chat with Dr. Margie Blanchard, co-founder of Blanchard, Madeleine Blanchard, co-author and leadership expert, and April Hennessey, Director of Strategy and Transformation at Blanchard.

This year's International Women's Day theme, "Imagine a gender-equal world," invites us to envision a society free of bias, stereotypes, and discrimination—a world that celebrates diversity, equity, and inclusion.

What's in it for You (WIIFM)?

- **Hear Powerful Stories:** Gain personal insights from Margie and Madeleine about their journeys as women leaders breaking barriers.
- **Explore Actionable Insights:** Discuss the question, "How do we accelerate action?"
- **Engage in Open Dialogue:** Participate in an interactive discussion facilitated by April Hennessey, where your questions and thoughts can shape the conversation.
- **Commit to #AccelerateAction:** Leave with a sense of purpose and practical steps to create change in your workplace and community.

This event is a unique opportunity to celebrate women's achievements, share experiences, and ignite collective action to forge a more inclusive world. Whether you're a leader, aspiring leader, or advocate for equality, this conversation will leave you inspired and equipped to make a difference.

Let's imagine—and create—a gender-equal world together. [Register Here -->](#)

This is a free event, but spots are limited—reserve yours today! #IWD2025
