

WE ARE HIRING!

Retirement Investment Analyst

The Retirement Services Department is seeking to hire a Retirement Investment Analyst to manage the investments of the City's two Retirement Plans totaling over \$7 billion in assets. Reporting to the Chief Investment Officer (CIO), the Analyst will help manage the public market strategies for the City's Office of Retirement Services (ORS). ORS oversees the City's two DB public pensions, as well as two associated health care trusts. The Analyst will be responsible for assisting the Investment Officers in the performance of due diligence and analysis for selection of investment firms through on-site visits, discussions with other institutional investors, and analysis of information provided by consultants.
