L6Y 0K9

The Fleet Safety Council (FSC) is dedicated to promoting health and safety best practices within the transportation sector. We achieve this by fostering networking opportunities for our members and sharing meaningful, relevant information and resources.

The FSC hosts an annual educational conference that consistently sells out, featuring new and pertinent content each year. The event includes networking opportunities, such as a pre-conference bowling event and an evening reception in the trade showroom, allowing members to connect and engage with industry leaders.

These benefits collectively support members in enhancing safety standards, staying informed about industry developments, and building valuable, ongoing professional relationships within the transportation industry.

KEYNOTE SPEAKER

SHAWN KANUNGO "STRATEGY IN A WORLD OF DISRUPTION"

Called the "best virtual speaker I've ever seen" by *Forbes* and recognized as one of *Edify's* "Top 40 Under 40", Kanungo has spent over two decades working with and advising Fortune 500 companies. His expertise spans artificial intelligence, cloud technologies, and behavioural economics, enabling him to guide organizations through complex transformations.
