

Key Details of 2026 Struck by Awareness week | April 20-24 2026

In support of the US National Stand-Down to Prevent Struck-by Incidents scheduled for April 20-24 2026, coinciding with National Work Zone Awareness Week through industry partner [CPWR](#), IHSA will be coordinating a weeklong campaign that highlights hazard recognition, controls, and solutions to reduce struck-by incidents, which are a leading cause of critical injuries and fatalities in the sectors served by IHSA.

Struck-by Awareness Week 2026 – Campaign Kickoff Webinar

Struck-by incidents remain one of the **leading causes of critical injuries and fatalities** across aggregates, construction, transportation, utilities, and other high-risk sectors, which is exactly why IHSA is hosting a special **FREE 1-hour kickoff webinar** on **Friday, April 17, 2026, from 9:30–10:30 am (ET)**.

Join **Adam Rothwell, Coordinator, Research & Stakeholder & Public Relations**, as he breaks down why struck-by hazards continue to demand our attention, how workplaces can participate in this year's campaign, and the key IHSA resources including the Struck-by Prevention Toolkit to support meaningful prevention efforts during the campaign week of **April 20-24 2026**.

This webinar is ideal for anyone committed to workplace health and safety, including supervisors, employers, safety professionals, Health and Safety Representatives, and individuals working toward or holding the National Construction Safety Officer (NCSO®) or National Health and Safety Administrator (NHSA™) designations.

Registration NOW to save your spot!
