What is Kitchen Restore?

The Kitchen Restore Project strives to improve the nutrition, food safety awareness, health, and quality of life of Johnson County residents through the provision of basic kitchen items to those with minimal or no resources for cooking.

Service Project Details

Clubs are encouraged to gather donations, which will be collected at the County Council meeting on March 2, 2026. Donations will also be collected at the county Food Fare, or they may be dropped off at the Extension Office.
