

What's new in the classroom?

אֲנָה אָזֶן אֲכַלְתָּה?

Friday, August 24, 2018/ 13 Elul 5778

Dear Parents,

We hope that your children have enjoyed their first full week at school! Here are some of the experiences we had:

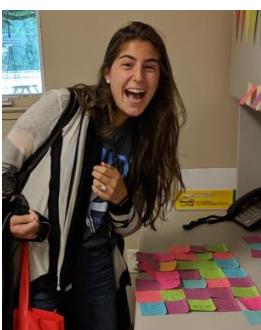

- Explored features of maps including: a compass rose, map scale, latitude and longitude
- Learned about thermometers and thought of some experiments that might be interesting for our class to do with Fahrenheit and Celsius measurements
- Shared ideas about ourselves on clouds
- Read Stellaluna and then worked with a new format of summary writing
- Made a timeline of the lives of Sarah and Avraham before beginning *Parashat Hayyei Sarah* (literally, "The Life of Sarah").
- Began our weekly journal writing, sharing ideas about our families
- Enjoyed interviewing our buddies to learn all about them
- Shared Kabbalat Shabbat with the 6th grade class

Ask your 3rd or 4th grader:

- Do you think there is anything strange about the title *Parashat Hayyei Sarah*? What is the first thing that happens in the parasha? How can we explain this? (still to be resolved!)
- What information did you learn about the Kindergarteners (your buddies)?
- What does "somebody, wanted, but, so, then, finally" mean to you?
- How did you surprise Morah Ari?

Caught in Action! תִּפְשַׁנְוּ עַל חָמָם!

Shabbat Shalom,
Carol and Ari
