

The story of your child's creation.

What's new in the classroom?

מה חדש בכתה?

Thursday, November 8, 2018/ 30 Heshvan 5779

Dear Families,

Here are some fun facts about our week:

- Learned with Lin about the Jewish Ethiopian holiday called *Sigd* and practiced Ethiopian dance movements
- Took part in a schoolwide voting activity
- Investigated a quote about what children need most (non material ideas) and generated a list of over 20 ideas, then wrote about our top 3 concepts
- Read about the Adena Culture (they were the first farmers in Ohio), the Black Swamp, and burial mounds
- Completed our metric unit
- Zeke was our Hazan for tefillah this week
- We acted out the lines from Humash this week
- Morah Ari is out of town Friday - Monday for her nephews Brit Milah. There will be a sub in her place.

Ask your 3rd grader:

- About their journal entry from the voice of Avraham's trusted *eved* (*servant*)
- To tell you about the story they read "One Rotten Day"
- What they looked at under the microscope
- What is a wooly bear and what does it eat
- About their example of
- What was your role in the Humash skit

Ask your 4th grader:

- How it felt to write from the voice of the *eved* (*servant*)
- About the mitzvah of *Nikayon*
- To tell you about the story they read "I Wandered Lonely as a Cloud"
- To describe two of the items they compared under the microscope
- Do you think it is fair for the *Eved* to have to find a wife for someone else

Special Note: The students filled the marble jar and earned a pajama party which will be celebrated on Tuesday, November 13th (World Kindness Day)
