

The story of your child's creation.

What's New in Grade 2?

מה חדש בכיתה ב?

Friday, October 26, 2018

This week, we:

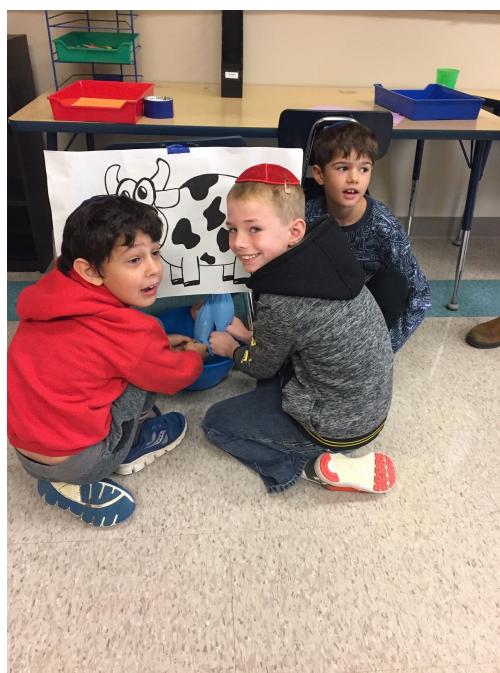

- Discussed what it means to be created "*B'tzelem Elohim*" - "In God's image", as it relates to the blessing we say in the morning thanking God for creating us in this way.
- Studied *Parashat Vayera*, focusing on the idea of welcoming guests, both those we plan for and those that are unexpected.
- Enjoyed a visit with our Shlucha, Lin, who created a "kibbutz experience" for us, including a station to milk a cow, check the eggs in the coop, and fold the laundry.
- Learned what an analogy is and used different types of analogies to demonstrate relationships between words.
- Created number lines using 1s, 10s, and 100s jumps to count from one number to another.
- Each researched a different planet, and then created our own planets that we would want to add to our solar system.

Of Special Note:

- Sunday, October 28 CJDS OPEN HOUSE 10:00 a.m.-12:00 p.m.
- Tuesday October 30 Parent/Teacher conferences 4:00 p.m. - 7:00 p.m.
- Thursday November 1 Parent/Teacher conferences 4:00 p.m. - 7:00 p.m.
- Friday, November 9 All School Kabbalat Shabbat 1:40 p.m. - 2:20 p.m.
- Please remember to bring in any food items (canned protein, canned veggies and fruits, peanut butter) and non-food items (soap, shampoo, toothpaste, diapers) to be donated to our local community food bank as soon and as often as you're able!

Questions for your kids:

- How are YOU created in God's image?
- How can we be welcoming to guests?
- Which planet did you research? What is one new fact you learned about that planet?

The second graders had a great time participating in a “Kibbutz experience” with Lin!
