

What's New in Kindergarten?

מָה הַדָּשׁ?

Friday, March 22, 2019/15 Adar II, 5779

This week:

- We have been working on reading fluency with "scooping" sentences during Foundations. We also have been reading stories to increase comprehension skills. The students ask and answer questions, make predictions, and sequence the story. We discussed problem solving as well as a part of reading stories.

- We have continued to practice our Kabbalat Shabbat script in the gym!

- We practiced our skills with solving number problems and creating our own number problems. We have continued to practice a part and a part equal a whole.

- We created Egyptian art. We first painted with different shades of brown to "create"

papyrus paper. Then, we drew the Egyptian art with pencils and finally oil pastels to be cut and glued onto the papyrus paper. You will see this beautiful art at our Kabbalat Shabbat!

- We celebrated Purim! We made Purim puppets, read stories, had our school wide costume parade, participated in the school wide *Megillah* reading, and watched our teachers compete in Shushan Idol.
