

What's New in Kindergarten?

מה חדש?

Friday, January 25, 2019 / 19 Shevat, 5779

This week:

- We prepared for the Animal Fair by practicing reading our books, singing our song, playing jeopardy, and presenting our diorama. Ask your child what their favorite part of our animal unit was.
- We have continued to add trick words to our list. We learned the words: and, are, to. We also continued to practice recognizing the difference between long and short vowels.
- We have worked on dictation during Fundations and coming up with our own sentences using the trick words. Use your dry erase board at home to practice dictation with your child. Encourage correct letter formation!
- We started to learn about solving math word problems. The steps include 1. Read the problem 2. Draw the picture 3. Find the answer. We practiced together as a class and then worked on a problem on our own.
- We practiced counting by 2s, 5s, and 10s and counting on from those groups. Practice with your child at home counting by 2s, 5s and 10s.
- We had our Tu'BiShevat seder in Environmental Science with Ali. We tried different fruits and juices. Ask your child what they liked and what they did not like.

What's coming up?
