We had a wonderful week of school! Some things we did this week were:

- Social Studies-made important buildings for our community bulletin board, created group posters with our tables
- Integration-discussed acts of kindness we can do in the classroom (*ma'asim tovim*)
- English-interviewed students and wrote group reports, practiced handwriting
- Math-counted on fingers "the math way" and practiced addition and grouping skills
- Env. Science-visited the pond with Dr. D
- Experienced our first classroom *Kabbalat Shabbat*
- Hebrew-learned the letter *alef*
- Judaics-began learning about *Rosh Hashanah*
- Met our Grade 5 Buddies

Ask your child:

- Who is your Grade 5 Buddy and what did you do with him/her?
- Name a word with the letter *alef*
- What did you draw for the *Community* bulletin board in the hallway?
- What did you see in the pond this week?
