

# What's New in Kindergarten?

## מה חדש?

Thursday, October 18, 2018/ 9 Heshvan 5779

### This week:

- We learned the letters **e** and **r**! We have learned all of the vowels! Ask your child what they are and what sound each one makes. Using the picture that the vowel matches with can help identify the sound.
- We have started working on spelling/writing CVC (consonant-vowel-consonant) words. Ask your child to spell/write cat, dog, bus, sun, etc.
- We have been practicing using different tools to identify numbers 1-10 and what partners we can make with these numbers. We have used a Rekenrek, 10 frames, and cubes to help us. Ask your child what partners make 6, 7, and 8.
- We received the Traveling Trophy at Yachad ! Ask your child why the kindergarten class received this very special trophy. (Tower of Babel)
- We took a close look at Kiddush Cups . We noticed that 7 were not silver or gold. 6 would break if they dropped. All have a round base. Just to name a few. Ask your child about other attributes we discovered.
- We skyped with our buddies in Kfar Saba. It was amazing to see them all the way in Israel. We opened a package from them. Ask your child what they sent us.
- We took a close look at *hallah* covers We noticed colors, gold and silver trim, and 7 species, just to name a few. Ask your child what they noticed.
- We wrote a journal entry about the Sabbath Lion book. Ask your child what they wrote..to join the caravan or rest on Shabbat. Then ask why? Their answers were quite interesting!

### What's coming up?

- Friday, 10/26: Shabbat Kit Making @ 8:30 am - 10:00 am. Let us know who your child's special person will be.
