

**Free telephonic immigration consultations by HIAS**

HIAS works with a generous network of pro bono attorneys -- through its headquarters in New York and Silver Spring, and across the country -- to provide legal services to asylum seekers, asylees, and others who are seeking humanitarian relief.

Given the evolving situation regarding COVID- 19, for the safety of staff and volunteers, HIAS has suspended all in-person client meetings and all non-essential travel, including pro bono legal delegations to the border. However, the organization now provides free telephonic immigration consultations for Montgomery County residents. If interested in receiving a consultation, please email [generallaw@hias.org](mailto:generallaw@hias.org) or call 240-668-4053 and leave a message. Please note in your email or voicemail that you are a Montgomery County resident in order to receive a callback.

For all other Maryland residents, call HIAS's intake line the first Friday of every month at 301-844-7248 to receive a free immigration consultation.
