Joining a Meeting

There are a few ways to join a meeting from your computer:
using the website and with the Zoom application.

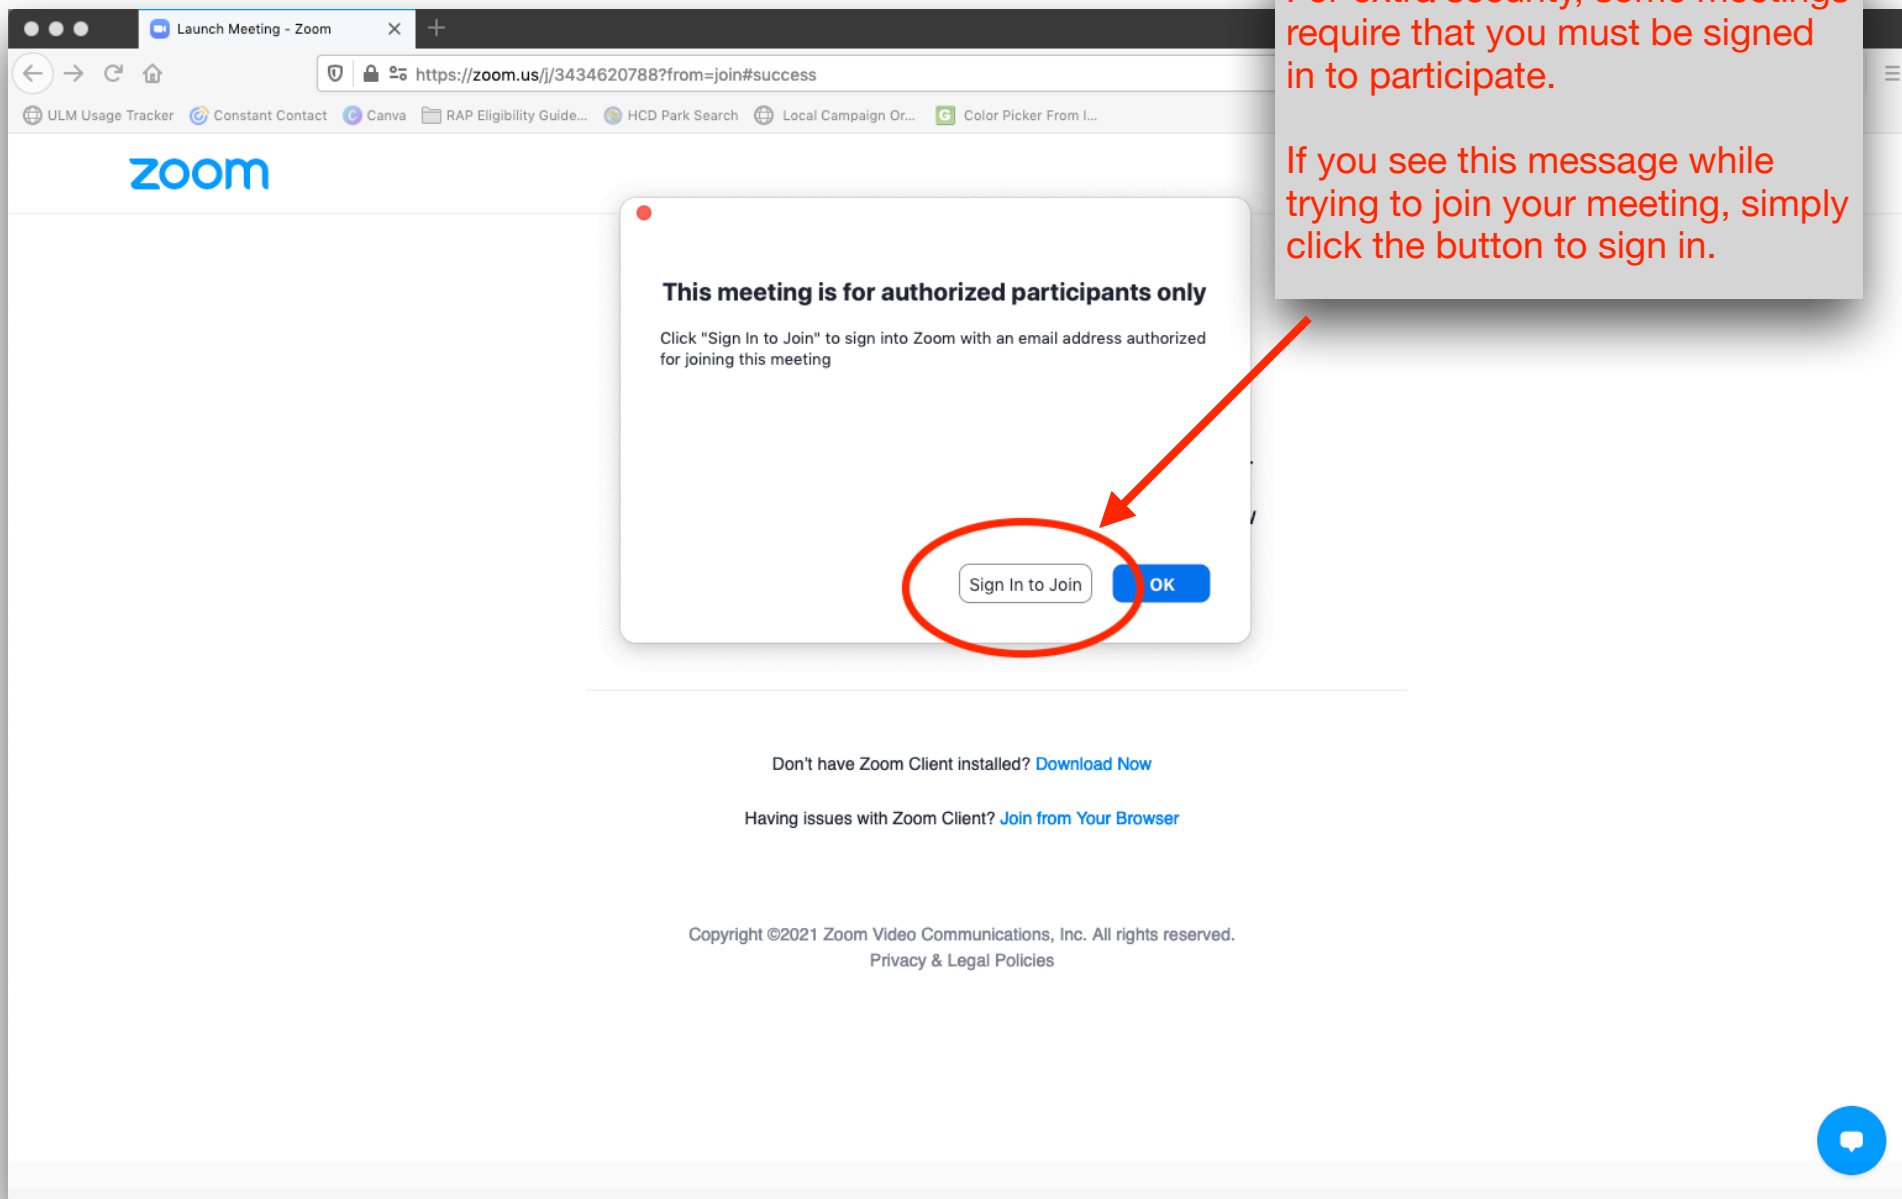

If you have a meeting link, you can click the link to join, or follow the instructions below and manually enter the Meeting ID.

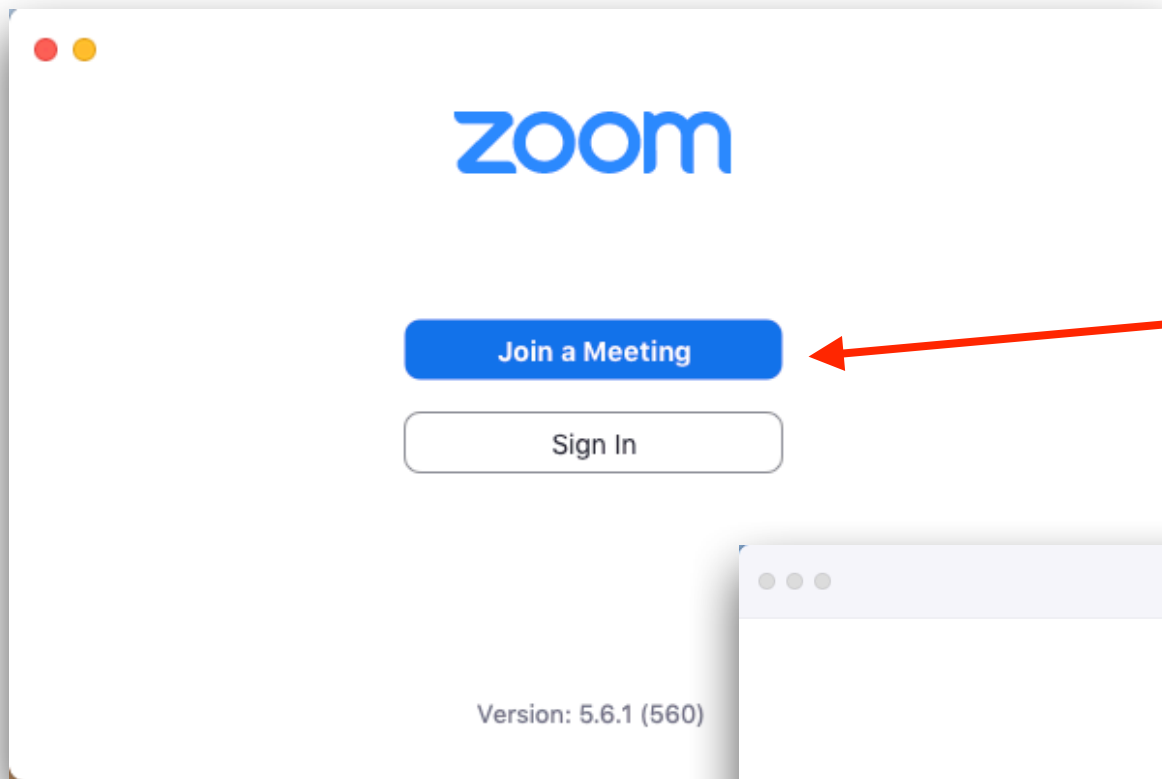

[Join a meeting from an H.323/SIP room system](#)

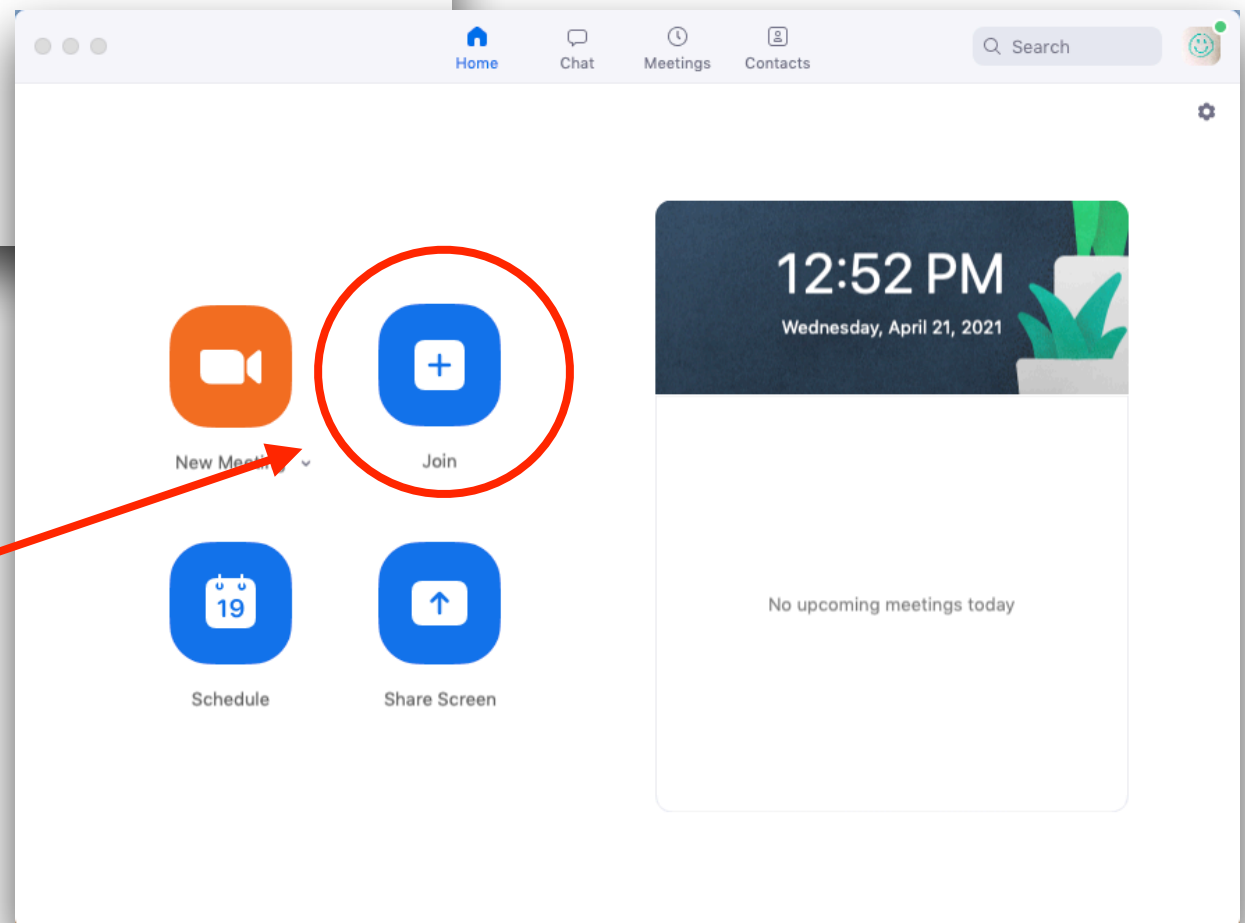

Joining from the app:

If you are **not** logged in to the desktop application, you can join a meeting by clicking here.

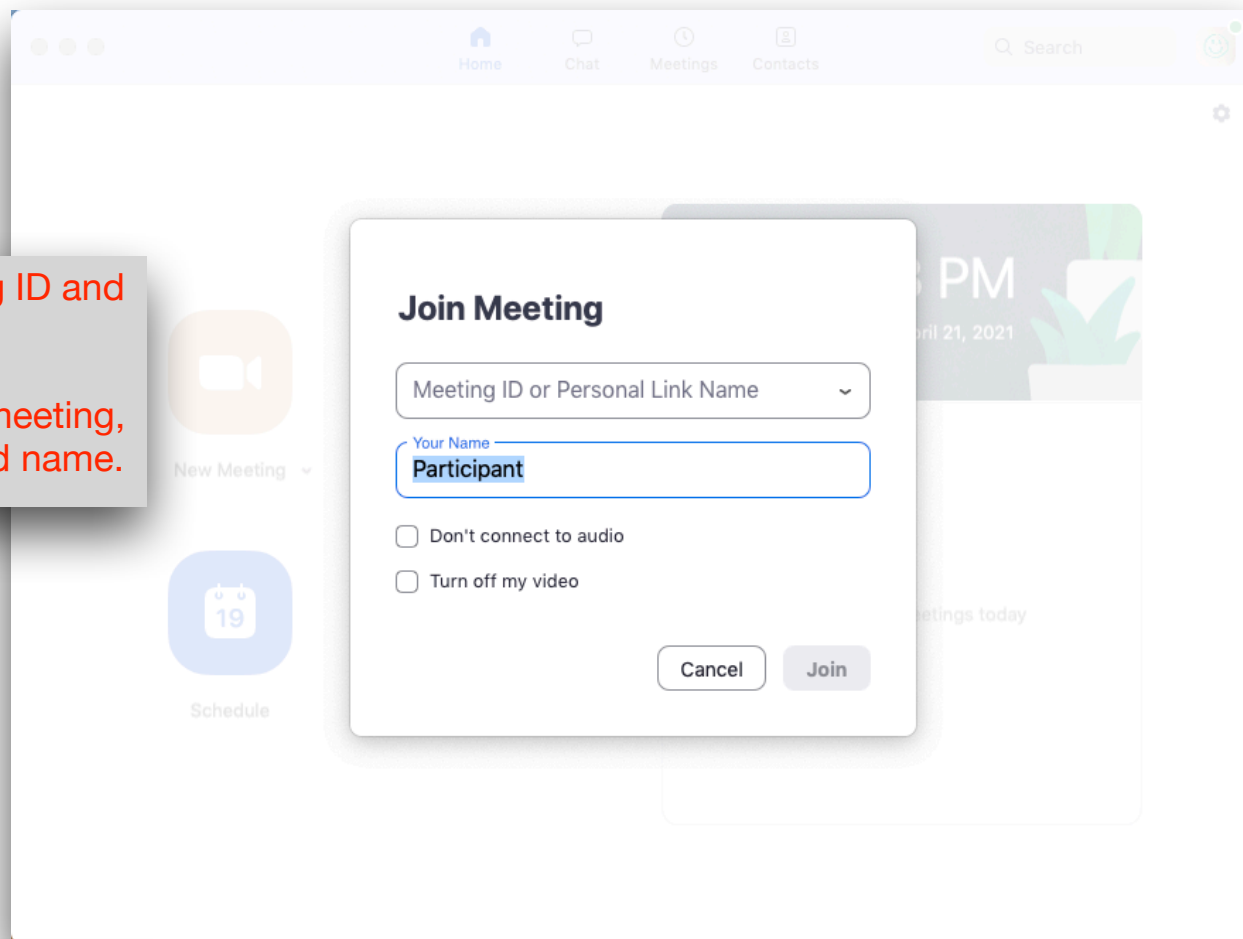

If you are logged in, you can join by clicking the Join button.

In this popup, you can enter the meeting ID and add or change your display name.

If you have previously participated in a meeting, Zoom will display the most recently used name.

The image shows the Zoom desktop application window. The top navigation bar includes 'Home', 'Chat', 'Meetings', and 'Contacts', along with a search bar and a settings gear. The main interface has a 'New Meeting' button with a video camera icon and a 'Schedule' button with a calendar icon. A 'Join Meeting' dialog box is open in the foreground. It contains a dropdown menu for 'Meeting ID or Personal Link Name', a text field for 'Your Name' with 'Participant' entered, and two checkboxes: 'Don't connect to audio' and 'Turn off my video'. 'Cancel' and 'Join' buttons are at the bottom right of the dialog.

This meeting is for authorized participants only

Click "Sign In to Join" to sign into Zoom with an email address authorized for joining this meeting

Sign In to Join

OK

For extra security, some meetings require that you must be signed in to participate.

If you see this message after entering your meeting ID, simply click the button to sign in.

Muting/Unmuting

To Mute:

Simply click the microphone icon here.

When you are muted, there will be a diagonal red line across the icon, like on the video icon seen below.

To Unmute:

Click the microphone icon again to unmute.

If you need to temporarily unmute, press and hold the spacebar while speaking. Releasing the spacebar will mute your audio again.

The screenshot shows a Zoom meeting window. The main video area displays a logo for 'MHET Manufactured Housing Educational Trust'. In the top right corner, the 'Participants (2)' panel is open. It lists 'Generic... (Host, me)' and 'Participant (Guest)'. A red arrow points from the 'More' button next to 'Participant (Guest)' to a dropdown menu that contains 'Rename' and 'Edit Profile Picture'. A text box at the top explains that hovering over a name in the Participants List provides access to a mute button and a 'More' menu. Another text box at the bottom right explains that selecting 'Rename' will open a popup to change the display name. The bottom toolbar includes buttons for Mute, Start Video, Security, Participants, Chat, Share Screen, Record, Reactions, Support, and an End button.

From the Participants List, you can hover over your name to access a mute button and the “More” menu

To change your display name, select “Rename” and a popup will appear.

Rename While in a Meeting

Sometimes you may notice after having already joined a meeting that your name is displaying incorrectly. There are a few simple ways to correct this, found in additional menus around the application.

View

You can also change your display name by clicking the 3 dot menu button that appears when hovering over your user icon with your mouse.

This will open another menu, where you can select "Rename" and a popup will appear to change your information.

Chat Feature

You can use the chat feature to silently send messages to others in the meeting. You can send chats to individual participants or the group as a whole.

To access the chat, first click on the chat icon.

You can choose to send messages to all participants or an individual user by selecting a recipient with this blue drop down menu here.

Type messages in the text box at the bottom of the chat panel.

To send messages, press enter.

You can access more chat options by clicking the 3 dot menu button.
