INSTA-WORTHY DESTINATIONS AND EXPERIENCES

The world is at our fingertips these days with social media. We can connect with friends and family no matter where we live. We can see and be seen through the pictures we paint of our life's highlights.

That desire to be seen is influencing people's vacation choices, too. Many travelers want to travel to destinations, book accommodations, and have experiences that are Instagram-worthy.

Below are some of the most common Instagram-worthy ideas these days.

- **Maldives:** This is the ideal destination for the perfect photo opportunities. Travelers are sure to enjoy white sandy beaches, turquoise water and the luxurious overwater bungalows. Here you'll even find the world's largest all-glass underwater restaurant.
- **Cappadocia, Turkey:** Located in the central part of Turkey, Cappadocia is the epitome of Instagram-worthy scenes. In addition to its unique cone-shaped rock formations that rise up like a honeycomb, the most notable experience here is the chance to take in a beautiful sunrise from a hot air balloon. A photo of the landscape from up in the air or the sky painted with balloons makes for magical pictures and memories.
- **Unique Hotels in Scandinavia:** In addition to natural wonders in the winter like the Northern Lights, Scandinavia has some of the most unique and photo-worthy accommodations. You can stay in an Ice Hotel or a tree house. And there is even a jumbo jet that's been converted to a hostel-style hotel.
- **Giraffe Manor in Nairobi, Kenya:** As part of your luxury safari through East Africa, consider a stay at Giraffe Manor, an exclusive boutique hotel that is picture-perfect. As a guest in one of only twelve rooms, you may see the giraffes poke their heads into the manor during breakfast.
- **Custom Photoshoot:** One of the best ways to capture that perfect shot is to hire a professional photographer while on vacation. In addition to getting some great candid shots and scenery while you can stay in the moment, you can plan a custom shoot focused on a particular outfit. For example, you can have a session of you in a flying dress with the stark white buildings and blue rooftops as your backdrop in Santorini, Greece. Or maybe you want to commemorate your experience being dolled up like a geisha in Kyoto, Japan.

So, which destination or experience is at the top of your bucket list? I can't wait to help you plan your next Instagram-worthy vacation. Click [here](https://www.travelsimplyinspired.com) to schedule a free consultation today.
