

Dear friends,

While I am looking forward to worshipping in the sanctuary this week, I cannot express strongly enough that your personal safety is the number one priority of the church. I am prayerful that anyone who is sick, has an impaired immune system or is simply not ready to be in crowds yet will worship at home. The You Tube link will still be available, only later in the day. When we get all of the proper equipment, it will be Live-streamed and you can watch it simultaneously. Until then, please pray for a vaccine and for everyone to stay as safe as possible.

Just a reminder that we will only enter and exit through the main sanctuary door. Ushers will help you find seats that are safely distanced. While masks are required, **parents of children 8<sup>th</sup> grade and under can use your discretion.** The most significant change will be that no congregational singing is allowed for a while. However, a small group of choir members will sing the hymns and Song of Praise to add to our worship and we will continue to feature special musicians from our very talented staff and congregation. Whether you worship in church or at home, please read Mark 4:35-41 to prepare. This will be the first of a Summer Sermon Series on Miracles. Please enjoy the link below for at home questions and activities. Blessings,

Julie
