

Dear friends,

Lent is a time to intentionally seek God in prayer. This year, I am participating in 100 days of prayer with the Presidential Prayer Team, a non-partisan prayer effort for our nation. The weekly prayer that I received today is as follows: "America, and the world, has gone through a rough twelve months dealing with a very real viral pandemic that has taken the lives of many and left others struggling to experience a full recovery. People grieve their human losses. Businesses have closed, jobs have been lost, the list goes on and on. Aren't there times when you just wished you could push some sort of a "pause button" just so things would stop for a while? What do you do when you are feeling broken, when your spirit is crushed? God is the only One who can fully heal. Remember in His Word, He has said, "A bruised reed he will not break" (Isaiah 42:3). Today, as you enter into that quiet place, press the pause button, get away from the chaos and noise, and just worship God. Make the time you spend in prayer today a time of praise for Who He is and what He has promised. Leave your requests and intercessions for another time and, in this moment of pause, place all your focus on worshipping Him." The Holy Spirit urged me to pass this on. Please read Luke 10:38-42 to prepare for worship.

Please refer to the monthly calendar for long-time prayer requests. Added to current concerns are recent "Praise Reports" for those who have good news to share or are improved or no longer ill. Please help the office by keeping us informed.

Blessings,

Julie

Things to Remember

I hope you will take advantage of the "Come Play in the Garden" for Lent. I explored it before I sent it and it has something for everyone. You will be sent a new link each week for Lent on Sundays.
