

WAUKEE AREA CHAMBER OF COMMERCE

The Waukee Area Chamber of Commerce is an association of businesses, organizations and individuals dedicated to promoting growth and prosperity in our local economy.

Here are some things the Waukee Area Chamber of Commerce is currently doing in the community and for our businesses:

- *Communication:* Weekly chamber and member newsletter update, business listed in official Waukee Chamber Directory & Community Guide, business listed in membership directory at www.waukeechamber.com, event calendar & social media.
- *Connection:* Networking opportunities to develop business relationships through virtual workshops, committee meetings and business presentations. Regional connection through the Greater Des Moines Partnership.
- *Government affairs:* Legislative voice of the business community. Chamber sponsors meetings with local legislators during session, stays up to date on legislative issues affecting business, participates in regional public policy meetings and hosts election year forums.
- *Business promotion opportunities:* Chamber opportunities to highlight and promote business at Chamber programs, in member communications such as the Waukee Chamber Business Report and through the Membership Spotlight article and video.
- *Signature events:* Annual Meeting & Silent Auction, Annual Golf Outing, the Waukee Economic Development Bus Tour and Waukee Restaurant Week- To Go!
- *Committee volunteer opportunities:* Members have the chance to give back to the community and gain exposure in the marketplace by volunteering on one of our seven committees: Membership, Community Development, Ambassadors, Government Affairs, Economic Development, Waukee YP and Scholarship.
- *Special events and programs:* New Member Welcome, Good Morning Waukee, Teacher Appreciation, Waukee Fall Tailgate, Waukee First Responders Appreciation, the Regional Luncheon in Waukee and the Waukee 5K.

These are just a few of the ways we promote and support the growth and success of Waukee and its businesses.
