Mental and Behavioral Health Care Providers Respond to COVID-19 Using Telehealth

May 13 from 11am-12pm EST

In observance of Mental Health Awareness Month, this webinar will highlight how community mental health centers and behavioral health organizations are using telehealth to respond to the COVID-19 crisis.

Register online at www.palmettocareconnections.org

WEBINAR OBJECTIVES:

- Participants will be able to identify how telehealth is being used at mental and behavioral health organizations.
- Participants will be able to identify how mental and behavioral health organizations have adapted to new telehealth policies, including reimbursement, since the COVID-19 pandemic.
- Participants will be able to describe lessons learned by both organizations.
