The **Belmont County Community Resource Guide** contains information about agencies and organizations in the area that can assist you with a wide variety of services – counseling, disabilities, education, health, etc.

The **Belmont County Community Resource Guide** provides an alphabetical listing of organizations, including telephone numbers and addresses, along with information about the resources available. Inclusion of these guides/links does not represent endorsement of the organization or its program, nor does exclusion represent lack of endorsement

The **Belmont County Community Resource Guide** was developed to assist community members, as well as agencies that partner with individuals, in providing timely access to needed services. This guide is not exhaustive – no one document can list every organization and service that may be helpful. However, it is a starting point for you to access the local service network.

To provide updates and feedback for the Resource Guide, please contact the Mental Health and Recovery Board at [erink@bhmboard.org](mailto:erink@bhmboard.org).
