

## WHAT PARENTS & VOLUNTEERS SHARE ABOUT ADVENTURE CAMP

*"I thoroughly enjoyed my half-day's participation in Adventure Camp. Anybody who wants to be totally reinvigorated by getting next to the carefree joy of childhood should do themselves a favor and sign up!"* - Betsy

*"Eli really enjoyed camp and his "job" helping out Jane. And my observation is that all of the kids were engaged and enthusiastic. I think that the multi-age format is so great - the little kids looking up to the bigger kids and the bigger kids working with the adults to take on increasing responsibility. It just feels really good and natural."* – Kari

*"As someone who attended vacation bible school every summer all through my youth, I have such fond memories of the games, the singing, the graham crackers and orange juice that were served (daily!) as our snack, and most of all the people. Everyone showed up ready to have fun and learn about God and it was safe, joy-filled and wholesome. I think this is why I have loved having the opportunity to volunteer at St. John's Adventure Camp for the past two years. I want my kids (and all kids) to know there are so many grown-ups in their lives that care about them and so many new friends to meet every single day if only we are willing to show up and try new things and meet new people. My 4.5 year old son woke up on a Monday morning after camp ended and said "I am very sad I won't go to camp today to sing and dance with Rev. Ginger". I told him I was feeling sad, too."* – Erin

*"Griffin loved the camp! Please thank all the volunteers for us, and know that we appreciate all the hard work that you put into making the camp a success."* – Carolyn

*"Thank you so much for organizing and leading the Adventure Camp this week. Andrew had a great time and loved all of the special crafts he got to bring home. Thank you for making him feel welcome! We look forward to next year."* – Holly
