CHAMBERCARE

AFFORDABLE, HIGH-VALUE COVERAGE. LOCAL SERVICE JUST FOR YOU.

Small employers deserve a health plan that works for them. ChamberCare combines rate stability, strong network access, valuable benefits and responsive local support to help Indiana businesses take care of their people with confidence.

Stability you can plan around. ChamberCare helps small businesses avoid uncertainty. The plan historically has seen single-digit rate increases far below the double-digit hikes seen in small group ACA rates. And we expect that trend to continue, with many members finding our rates better than our competitors.

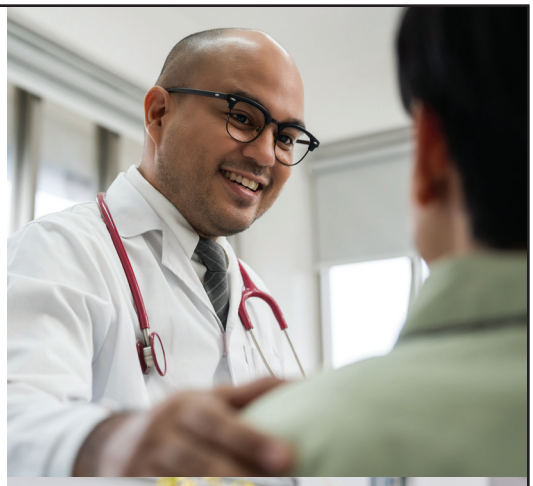

Robust statewide network. ChamberCare provides TrueConnect in-network coverage across Indiana. In the last plan year, over 98% of paid claim dollars were processed at the in-network level, showing members are receiving care close to home.

Support that feels personal. When questions come up, ChamberCare members can count on Indiana-based customer service that's ready to help. That kind of responsiveness makes a real difference for busy small employers and their teams.

Benefits that do more. From pharmacy, dental and vision coverage to lower-cost care options, ChamberCare offers extras that help employers stretch their health plan dollars while supporting their employees in meaningful ways:

- $0 or lower-cost prescription options
- Dedicated, Indiana based member support
- NEW! Healthee AI-powered benefits assistant with 24/7 telemedicine and teletherapy services
- NEW! High-touch specialty infusion support at home through Quantify
- Lower cost outpatient procedures through WellBridge Surgical
- Faster, more efficient claims processing

Go with ChamberCare – the plan designed just for you.
