

SENIOR SCAM AND FRAUD EDUCATION

The scammer's tools are designed to get people to lower their defences.

The Johnson County Sheriff's Office and the Indiana Attorney General's Office have seen a rise in scam reports at the local, state, and national level.

This scam and fraud presentation is directed towards representatives from organizations and facilities that cater to our seniors.

The Sheriff's Department will share the current trends we are seeing in scams and fraud.

Kim Harris, Representative from Attorney General Todd Rokita's Office, will share tips on how to spot, how to avoid, and what to do if you fall victim to a scam.

Information will be provided to take back to your facilities to share with your community and prevent future victimization.
