REDMOND HIGH SCHOOL PERFORMING ARTS CENTER

Come here and learn from a panel of experts!

What would you do to protect your child's life? How much better would you feel if you knew how to talk about opioid abuse with your teen? Everyone agrees that the usage of opioids and their destructive wake are a problem in the Seattle area; young people are dying. Are you prepared to protect your child and family? Knowledge is power and it might save your family unspeakable pain when you become more aware and have a viable strategy for protecting your child.

This unique panel discussion includes representatives from Kirkland Fire/EMS, Police, LWSD SROs, a Clinical Psychologist with Northwest University and a parent who has experienced the loss of his daughter to opioid abuse. They come together to help you. Opioid abuse knows no socio/economic barriers and can happen in any family.
