TERMINAL AUTOMATION

Solares is a full scope supplier to the downstream oil & gas industry. From the ship's manifold to the tank truck and on to the aircraft wing - we provide integrated measurement & control solutions, skid-mounted packaged systems, & a complete line of liquid handling equipment and accessories.

Emerson Automation Solutions

Custody transfer and inventory management solutions for the refining and the downstream oil & gas industry:

- Tank Gauging / Overfill Prevention
- Load Rack and Terminal Automation
- Tank Safety & Environmental Solutions
- Flow, Density, & Viscosity Measurement
- Pressure Temperature, & Level Controls
- Explosion Proof Controls & Accessories

ROSEMOUNT™

ENARDO™

Load Rack / Transfer & Control

Providing engineered solutions, integrating equipment, subsystems, and software, packaged to meet the client's needs.

- PD, Turbine, and Coriolis Flow Meters
- Pumps and Controllers
- Loading Arms & Couplers
- Ground / Overfill Monitors
- Additive Injection
- Biofuel Blending
- Certified Hose Assemblies

Custom Fabrication / Systems

Custom designed skid-mounted systems:

- Single / Multi-Arm Truck Loading
- Additive Injection
- Biofuel Blending
- Bunkering
- Leak Detection
- LACT
- Pump & Filtration Skids
