3. What should my child wear?

During the day we will be both inside and outside. Some of the activities will be quite active and others may be slightly messy. We would strongly recommend children come in comfortable clothing, which can be washed easily. Children are *not* required to wear their uniform. Weather permitting, we will have water activities on the roof. We ask that children bring a change of clothing to leave at school for the week and to bring clothes they do not mind getting wet.

*** Please remember to label clothing with your child's name.**

4. What happens to lost property?

During summer camp, any items recovered will be placed in the plastic bins in the canteen. Please ask one of our staff members if you need assistance with locating a lost item. *All clothing and other items should be labeled.*

5. Where will my child store their belongings?

Children will store their items in classroom lockers. A staff member will be on hand during the morning drop off period to guide children through this process. Lockers will be labelled the first day of camp each week. Each child will keep the same locker throughout the week.

6. What if my child has medical needs, food allergies or cannot eat certain food products for religious reasons?

Please notify our camp staff when dropping your child/children off at camp. If there is a chance of a severe allergic reaction, please ensure we have all the necessary medication and an action plan before leaving your child with us. We can administer daily medication to our campers; however, we need to obtain written permission from you first. Please ask the front desk about our medication permission form.
