

Justin Fonfara

**1. Why are you seeking the position of Rice Lake Mayor?**

Having been on council prior to running, I believe in civic duty. Seeing this as an opportunity to help the city grow, I jumped at the chance!

**2. What can the City of Rice Lake do to attract a viable new workforce?**

Housing and services. Without housing, new workers have nowhere to create their home base. Without services and support, families will not come to fill job positions.

**3. What will be your top 3 priorities for the City of Rice Lake this year?**

Budget planned with my council and residents, housing creation, employee evaluation

**4. Do you think our main street/downtown is healthy and successful? If not, what would you do to change that?**

We have great downtown businesses! Many improvements have been made in recent years. Working to improve parking is on the list.

**5. If elected, what three steps would you take to put our city on a firmer financial footing?**

It's time to make money, not cut money. Our growing taxes have little to no offset. Lack mentality is our largest weakness and can be changed by creating revenue sources.

**6. If you received a \$1 million grant to use for the city any way you wanted, what would you do with it and why?**

Creating housing will certainly bring working families. Working families will need a place to be. Creating services for families will be needed.
