Fall Science Club!

Ocean Explorer

Students in grades 1-4 can come and learn more about science and have fun experimenting. Each week is a new theme and activity. The club meets on Tuesdays from 3-4 after school. Your child can be picked up by family center doors.

Sept. 22 Ocean Oil Spill/Ocean currents
Sept. 29 How arctic animals stay warm and eat all winter
Oct. 6 Fishing with Magnets/ Salt water density
Oct. 13 Are sounds louder underwater?
Oct. 20 How do fish breathe underwater?

Please bring a small afternoon snack to eat at the beginning of the club.

Students must pre-register to attend. Cost is $60.
(Cash or Venmo) @Holly-Arra

Please complete the form below and return with payment by Sep 18, 2026
