WSSCA

SCHOOL SAFETY & SECURITY Assessment Program

The question every district leader asks themselves:
"Are we doing enough in our district to ensure the safety and security of our students and staff?"

Why not get a second opinion from industry experts?

We believe the ideal program is a combination of:

ON-SITE ASSESSMENT

A WSSCA – trained professional or team of professionals will conduct a comprehensive on-site, in-person safety and security assessment for your school or district.

WHEN: Recommended every three years

COST: Assessments start at approximately $1,900 / school

SELF-ASSESSMENT TRAINING WORKSHOP

Learn to conduct your own school safety and security assessment in collaboration of local law enforcement. Our staff will train you with the tools we have successfully used throughout Wisconsin for years.

COST: $225/person | WSSCA Member
$250/person | Law Enforcement
$275/person | Non-WSSCA Member

Hear what others are saying....

"The safety assessment provided a thorough and external perspective, highlighting both strengths and areas for improvement. It equipped us with practical action plans, and a clear path for moving forward. As a result, our schools are better prepared as we continue to focus on our shared goal of safety."

Dawn Goltz, Safety Coordinator – Oregon School District

"We utilized WSSCA for onsite school safety assessments within all our school buildings. The process was thorough and provided an excellent opportunity for district and building level leaders to reflect on strengths and challenges in the overall approach to school safety. The depth of the process really affirmed our recent revisions/improvements while still giving us building and district level improvements to consider moving forward. The depth of the feedback and individual reports and having an outside perspective was appreciated by our board members, who committed to a continued partnership with WSSCA for school safety assessments.

Jerry Nicholson, Director of Student Services – Unified School District of De Pere
