

Connecticut FarmLink: Connecting Farmland with the Next Generation

CT Farmlink helps farmland owners connect with farmland seekers. The program is funded by the Community Investment Act and administered by the CT Dept. of Agriculture in partnership with Connecticut Farmland Trust.

CT Farmlink assists with the transition between generations of landowners to keep farmland in production. There is a new generation of farmers who want to be tomorrow's stewards of the land today, but they need land to work. Surveys of beginning farmers list land access as the #1 challenge of farming in the U.S.

If you are starting your own farm operation, a current farmer looking to expand, or a family seeking a new generation of landowners to protect your area's agricultural legacy, please visit www.ctfarmlink.org for more information. From fruits and vegetables to hops and dairies, farmers are looking for parcels as small as an acre and as large as several hundred. Let's work together to find the perfect match!
