***Think outside the box (sanctuary). How can you use a missionary in a small group or a dinner setting. See all available dates.***

## Sasha Carr—Volunteer to Kudjip Hospital, Papua New Guinea

The 2017 school year began at the end of January and we are already in our 7<sup>th</sup> week of class. The new class has 41 students, which is a new record for Nazarene College of Nursing. Much like colleges and universities in the US, enrollment continues to rise each year. I am once again teaching a first year class this semester. My class is communication skills and introduction to information technology. The class is basically a freshman English composition class with a twist. I am also to review English with the class as well as teach medical terminology, computer use, and speech within this class. Don't forget, this is only a twelve week class and then the students are off to their clinical areas. It is a lot of information for first time college students who are also adjusting to college life.

I have decided to stay until January 2018. Even with my monthly donations and previous donations, I am about \$4500 short. Thank you for partnering with me up to this point. If you are a monthly partner, please continue to do so and renew until January of 2018. If you are a partner that has given once or twice, please pray about helping me out again. No amount of money is too little, it's big God's eyes. You can always give on my convio site <http://web.nazarene.org/goto/sasha> or send a check to **Global Treasury Services, Church of the Nazarene**

**P.O. Box 843116**

**Kansas City, MO 64184-3116** with **Sasha Carr/MC/PNG** on the memo line.

**Prayer Requests:** 1) Continue to pray for my ministry here and especially for my group of students I am working closely with. 2) Pray for my family back home, both my mother and sister are in the middle of major health issues. 3) Pray for me as I want to be back there with them, but am
