

COMMUNITY CONNECTION

Keeping the community connected to information, programs, and services.

Meetings/Events

The City Council will meet on **Tuesday, March 19 and 26** at 5 p.m. Members of the public are invited to provide e-Comments on any agenda item. [Check the website for details](#). A Spanish-language video stream is available and interpretation services for Spanish speakers are provided at each City Council meeting. Members of the public can watch the meeting [via livestream](#). Chula Vista City Council meetings are video recorded and aired live on Cox Cable channel 24 (only in Chula Vista). Recorded meetings are also archived on the City's website.

A free compost give-away will be held on **Saturday, March 30** from 8 a.m. to noon at the Otay Landfill, 1700 Maxwell Road. The event is for Chula Vista residents only. Participants must bring their own shovels for loading and containers for filling and transporting compost. Don't forget the tarps to cover your compost!

Since 2015, in appreciation of the community's efforts to recycle yard waste (and now food waste), waste disposal company Republic Services has provided the opportunity for all Chula Vista residents to pick up waste-free compost at these events. Beautify your landscape and improve your garden soil by adding compost.

For more information, please contact the City's Environmental Services division at (619) 691-5122 or [by email](#).

All City offices and facilities will be closed on Monday, April 1 for the Easter holiday. Trash service in the City will not be affected by the holiday – no fooling!

Save the date of **Saturday, April 13** for the annual South Bay Earth Day at Bayside Park, 980 Marina Way, from 11 a.m. to 3 p.m. The free event will help build awareness about how to practice habits of sustainability and your impact on the planet, with fun interactive hands-on activities. This zero-waste event is packed with over 50 green vendors, a showcase of eco-conscious products, programs, and green activities geared toward education, conservation, recycling, and sustainability. [Interested vendors can visit the website for more details](#).
