

CALGreen® Residential Code

CITY OF CHULA VISTA

Speakers

Colleen FitzSimons is an ICC Certified CALGreen Inspector/Plans Examiner. As a project manager and sustainability consultant working in San Diego and the Bay Area, Colleen has helped organizations to craft Climate Action Plans and Sustainability Plans with policies and programs to support tracking and meeting the plan targets. She also facilitates LEED, Living Building Challenge and GreenPoint Rated green building certifications. Her expertise includes residential, municipal, mixed use and commercial buildings, including work with the Related Companies, Monterey Bay Aquarium and Presidio Trust.

Douglas Kot has a Bachelor of Architecture degree from Penn State, a Master of Landscape Architecture and Master of City Planning from UC Berkeley. He is a registered architect in New York State and California and an AICP Certified Planner. He has been a technical consultant for dozens of high-performance buildings supporting all phases of project development from conceptual design through building detailing and post-occupancy evaluation. He has taught on building energy use, ecological urban design, and sustainable building technologies at various colleges and universities.
