

Beginning in 2022:

Residential Food Waste Collection

In compliance with statewide regulations, the City of Chula Vista will be required to include food waste to current yard waste collection services.

Future collection will include:

Yard waste

PLUS... all food waste!

What you need to know:

Republic Services is currently developing a food waste collection program. Yard waste and food waste will be collected together in your green waste cart. This new program will increase monthly costs.

What will be collected?

- Breads/Grains
- Fruits and Vegetables
- Seafood, Meats, and Dairy
- Coffee Grounds and Filters

Future benefits of composting food and yard waste

- Keeps organics out of the landfill
- Reduces release of greenhouse gases into the atmosphere
- Cleaner air; combats climate change
