

## You are invited to the SNAP Outreach Workshop

NH Food Bank is hosting our quarterly SNAP Outreach awareness workshop via zoom for those who directly interact with potential SNAP applicants.

Walk away with a broader understanding of SNAP and an increased ability to talk about SNAP with your clients who are on a limited income and who may be eligible for SNAP benefits. This SNAP overview will help you speak more confidently about the program, reduce stigma, prevent confusion, and increase confidence in application follow through. This workshop will also provide opportunity for you to ask questions.

**When:** September 5, 2024, 12:00 Noon Eastern Time (US and Canada).

**Pre-registration is required for this meeting.**

Register on the [NHFB SNAP Outreach Partner Resource webpage](#)

**After registering**, you will receive a confirmation email containing information about joining the meeting.

Unable to attend? We offer these trainings quarterly!

**We hope to see you there!**
