

### **Utah PST Loan Fund Changes**

**Have you been thinking about removing or replacing your old tanks or performing an upgrade on your UST system? Consider a loan from the State PST Loan Fund. A bill passed this last legislative session that:**

- 1. Increased the limits for each loan to \$100,000 for each tank or \$300,000 for all tanks at one facility**
- 2. Requires that you participate in the PST Fund to receive a loan,**
- 3. Keeps the interest rate for new loans at 0%, and 4. Keeps the maximum repayment term of 10 years.**

**For questions about the Loan Fund, call the UST Compliance Section at (801) 536-4100.**
