

## **EXHIBIT A**

The following is the list of equipment and products fabricated by member companies of the Coalition of Energy Equipment Manufacturers followed by a table identifying the applicable Harmonized Tariff Schedule Codes respective to the listed equipment and products:

- Pressure vessels of 15 psi and higher (collectively or individually, "Pressure Vessels")
- Distillation Columns
- Jacketed and Unjacketed Reactor Vessels (Half pipe, Limpet, Conventional, Dimple) (collectively or individually, "Reactor Vessels")
- Heat Exchangers (i.e., Shell & Tube, Condensers, Reboilers, etc.) (collectively or individually, "Heat Exchangers")
- Heat Exchanger Components (i.e., U-tube, Bundles, Bonnets, Channel, Flange and Flued Expansion Joints, etc.) (collectively or individually, "Heat Exchanger Components")
- Storage tanks ambient and higher (collectively or individually, "Storage Tanks")
- Pressure Vessel heads (i.e., i2:1 Elliptical, ASME, ASME Flanged and Dished, Toriconical, Flanged and Flued, Fanged Only, etc.) (collectively or individually, "Pressure Vessel Heads")
- Tank and Pressure Vessel components
- Fabricated pipe spools and sleeves
- Knocked down tank components (i.e., shells, roofs, floors, trays, baffles, nozzles, anchor chairs, legs, skirts, side lugs, etc.)
- Heat Recovery Steam Generator (HRSG) panels
- Fabricated and prefabricated skid modules
- Fabricated structural steel members
- Fabricated duct work (of all geometries such as square, rectangular, and cylindrical)

| <b>HTS CODE</b> | <b>APPLICABLE EQUIPMENT AND PRODUCTS</b>                       |
|-----------------|--|
| 7207.19.00      | - Fabricated structural steel members                          |
| 7207.20.00      | - Prefabricated skid modules<br>- Knocked down tank components |
| 7303.00.00      | - Fabricated pipe spools                                       |
| 7304.11.00      |  |
