DESCRIPTION: Our five-day summer dance intensives feature daily classes in a variety of styles with Victoria Walpole-McWilliams and guest teachers. Dancers receive tips to help them improve turns, jumps, general technique, performance quality and artistry along with gaining personalized attention, a renewed joy for movement, and motivation to push themselves to work outside of their comfort zone. Miss Victoria will share her experiences as a professional dancer and will offer one on one meetings to give dancers individualized feedback. In addition to instruction in ballet, jazz, modern, hip-hop, lyrical, and contemporary, there will be guest teachers in a variety of multicultural styles.
